RIBBONS

Put your school name and/or school year on this ribbon.

The image displays a vertical column of seven identical ribbon templates. Each ribbon is a horizontal rectangle with a solid black border. A dashed horizontal line runs across the middle of each ribbon, indicating where to fold. The right edge of each ribbon is pointed, with the point extending to the right. The ribbons are stacked vertically, with a small gap between each one. The word 'RIBBONS' is printed vertically on the left side of the page, and a small instruction is located in the top right corner of the first ribbon.
